About

I've been designing for over six years, blending 2D and 3D to create thoughtful, cohesive projects. I work well independently but also thrive in a team environment. I've led a design team and managed the creative process. I care about aesthetics but never lose sight of functionality.

Languages

Polish / native

English / fluent (spoken and written)

12.2014
CAE (Certificate in Advanced English)
University of Cambridge

06.2013
FCE (First Certificate in English)
University of Cambridge
